

Moat Farm Infant School

Early Years Pupil Premium Spending Plan September 2019 – March 2021

Early Years Pupil Premium funding is allocated to schools as additional funding which is intended to ensure that underlying inequalities between children who are eligible for free school meals and/or are 'looked after' by the local authority are addressed.

At Moat Farm Infants Nursery, 15% of pupils are in receipt of Early Years Pupil Premium funding. This is a lower percentage compared to the previous year.

Pupil Premium funding is allocated to schools by government and schools themselves decide how to spend it. At Moat Farm Infants our motto is '...every day we learn, achieve, have fun and play' and we believe that all children have the potential to achieve at all levels. We therefore use our allocation to help raise standards and narrow the attainment gap by increasing rates of progress for those children in receipt of the EYPPG, so that they are at least in line with their peers.

For further information read the Pupil Premium Report, Ref 120197, issued by OFSTED in September 2012. Amongst the recommendations of the OFSTED report the following points were made:

- School leaders, including Governing Bodies, should ensure that Pupil Premium funding is not simply absorbed into mainstream budgets, but instead is carefully targeted at the designated children.
- School leaders, including Governing Bodies, should evaluate their Pupil Premium spending, avoid spending it on activities that have little impact on achievement for their disadvantaged pupils, and spend it in ways known to be most effective.
