

Lottie – Our School Dog

Lottie says “thank you” for such a warm welcome to school this week. She has enjoyed getting used to the sounds, smells and noises around school, and certainly thinks it is a very busy place!

One of Lottie’s first jobs in school is to welcome the children in the morning to school with Mrs Davis. She loves seeing the happy smiling faces of the children coming to school.

The children have been great at remembering to ask first before they stroke Lottie, and put their hand out to let her have a sniff of them first. By doing this she knows you are there and doesn’t get startled or frightened. This is how children and adult should approach all dogs and not just Lottie.

Lottie also started her puppy class on Friday evening last week and will be attending this every week to work toward her Good Citizen Dog Puppy Course.
