This template can be used for multiple purposes:

- It enables schools to effectively plan their use of the Primary PE and sport premium
- It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium
- It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make **additional and sustainable improvements** to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated [Primary PE and sport premium guidance](#).

The Primary PE and sport premium guidance, outlines 5 key priorities that funding should be used towards. It is not

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
-The implementation of a sports coach to run sessions at lunch times and after school.	-Children participated in more physical activity -Children were exposed to a range of new sports and activities -Children developed an enjoyment for sport and physical activity	-Money will be invested this year to continue the use of coach for clubs and after school clubs. Coach will no longer be used to teach lessons, teachers will now do this to aid with staff CPD.
-Relationships were developed with local schools and providers.	-Children in Year 2 had the opportunity to participate in a weightlifting session. The children really enjoyed this and were very excited to try something new.	-This is a relationship that has been maintained. We will try to provide this opportunity to children again this year. -Further relationships will be built this year with nearby schools to provide further opportunities for our children.
-Sports Week	-Sports week was enjoyed by all children across school. It allowed them to be competitive and to develop physical skills. Children were very active throughout the week. Parents were also keen to send in pictures of sport from home which are proudly displayed in the school hall.	-Sports week will happen again this year with the intention of adding more opportunities for our children during this week.

-Increased range of playtime equipment	-Children really enjoyed using new equipment such as frisbees. Most children were physically active during playtimes.	-The equipment was successful and will be replenished as required. Staff rotas will be implemented and monitored to ensure that the equipment is used safely and effectively.
-Children's enjoyment for PE	-Pupil voice showed children's love for PE. Children stated that they were excited for PE days and enjoyed the equipment.	-Pupil voice will be carried out regularly so that further opportunities can be given to children and their interests can be gaged.
-Displays	PE displays were updated in the school hall. This is to create a strong sports presence across school and to encourage children to be proud of their efforts. This has also shown children's sporting engagements at home.	-Displays will be updated throughout the year and key events will be added. Parents can view the displays at school events which take place in the hall.
